

GRK 2504

Novel antiviral approaches

Advances in Molecular Virology

Molecular mechanisms of maintainers and stressors of genome stability: From mesoscale to single molecules

Prof. Dr. Johannes Stigler

Gene Center and Department of Biochemistry
Ludwig-Maximilians-Universität München

Host: Prof. T. Gramberg

Friday, January 9th, 2026, 1.15 pm

Seminar Room 1.057, Virologisches Institut
Schlossgarten 4, 91054 Erlangen

Guests are welcome!
